The AQUA-BASE® range

Aruba XL Comfort

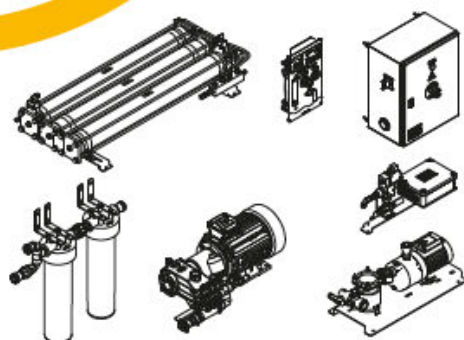

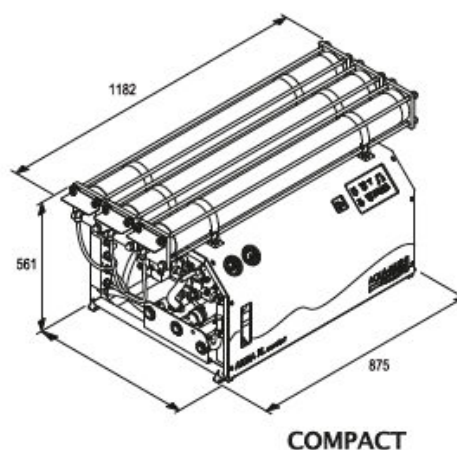

SLCE Watermakers continually improves its products in response to market trends. Based on its heritage of more than 30 years of innovation, the ARUBA range is fully aligned with a passion for improvement, developing the strengths that have made it a benchmark of excellence for coastguards, commercial fishing, commerce, and super-yachts.

Following the success of the ARUBA models, the ARUBA-XL series increases production capacity to 750 liters/hour within a very compact frame, while retaining the ease of use, maintenance and improved ergonomics of the AQUA-BASE ARUBA.

- ✓ Sturdy
- ✓ Reliable
- ✓ Easy to use
- ✓ From 450 to 750 L/h

MODULAR

Aruba XL Comfort

Capacity	Model	Voltage Three Phase	Power Consumption	Weight
450 L/h	ARUBA XL 450 Comfort	220, 400 or 440V	4,6 kW	130 kg
600 L/h	ARUBA XL 600 Comfort	220, 400 or 440V	4,6 kW	142 kg
750 L/h	ARUBA XL 750 Comfort	220, 400 or 440V	4,6 kW	155 kg

Rated performance given at +/- 10% using standard seawater, with 35 g/l salinity and temperature at 25°C. Other voltages available, please ask us.

Aruba XL Premium

Benefits from INVERTER technology.

The ARUBA XL Premium is a fully automatic model with an integrated touch screen control. Equipped with all the upgrades of the comfort version, the ARUBA XL Premium has automatic pressure regulation and optimized pump operation without peak power at start-up, thanks to INVERTER technology.

User Friendly Menu

TO REGULATE

automatically the pressure according to the characteristics of the water to be treated.
