The AQUA-BASE® range

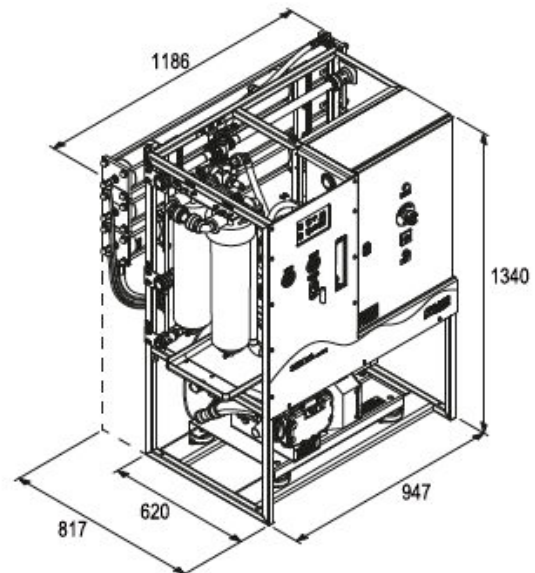

Soroya Comfort

SLCE Watermakers continually improves its products in response to market trends. Based on its heritage of more than 30 years of innovation, the SOROYA range is fully aligned with a passion for improvement, developing the strengths that have made it a benchmark of excellence for commercial and fishing vessels, as well as mega-yachts.

The all new AQUA-BASE SOROYA, has a perfect balance between capacity and footprint. With various options available, the AQUA-BASE SOROYA can be customized to best meet the requirements of every application. With its production limit of up to 1600 liters/hour, it can meet the fresh water requirements of high-demand vessels.

- ✓ **Sturdy**
- ✓ **Reliable**
- ✓ **Easy to use**
- ✓ **From 625 to 1600 L/h**

COMPACT

Soroya Comfort

Capacity	Model	Voltage Three Phase	Power Consumption	Weight
625 L/h	SOROYA 625 Comfort	400 or 440 V	7 kW	300 kg
800 L/h	SOROYA 800 Comfort	400 or 440 V	7 kW	320 kg
1 000 L/h	SOROYA 1 000 Comfort	400 or 440 V	9 kW	420 kg
1 250 L/h	SOROYA 1 250 Comfort	400 or 440 V	9 kW	440 kg
1 600 L/h	SOROYA 1 600 Comfort	400 or 440 V	12 kW	460 kg

Rated performance given at +/- 10% using standard seawater, with 35 g/l salinity and temperature at 25°C.
Other voltages available, please ask us.

Soroya Premium

Benefits from INVERTER technology.

The SOROYA Premium is a fully automatic model with an integrated touch screen control. Equipped with all the upgrades of the comfort version, the SOROYA Premium has automatic pressure regulation and optimized pump operation without peak power at start-up, thanks to INVERTER technology.

(*)Flushing can be fully automated, so that flushes every time the Watermaker stops

User Friendly Menu

TO REGULATE

automatically the pressure according to the characteristics of the water to be treated.

TO PROGRAM*

the number of litres of pure water to be produced (or the production time required).

TO CONNECT
